passion vision innovation

## ABOUT THE WORKSHOP

Cosmetic dentistry is generally used to refer to any dental work that improves the appearance of teeth, gums and/or bite. It primarily focuses on improvement of dental aesthetics in colour, position, shape, size, alignment and overall smile appearance.

This program aims to provide an insight on veneers and laminates through the lectures, live demonstration & hands-on workshop. The program intends to enhance the knowledge, skill and acumen of the dentists regarding veneers & laminates and its application in clinical set-up.
